Stand for 1/2" Drill....**\$22.95**

ELECTRIC HOME-UTILITY TOOLS

PRODUCTS OF HOME-UTILITY DIV.—BLACK & DECKER MFG. CO.

Backed by Nationwide Consumer Advertising in the Saturday Evening Post, This Week, Country Gentlemen, Better Homes and Gardens, Popular Science, Farm Journal, etc.

HORIZONTAL STAND

Use with 1/4" Drill or 5" Sander-Polisher. Frees both hands when using grinding, buffing or wire wheels, abrasive accessories, Roto-Hone or Disc Sanding Table attachments on the bench.

Cat. No. HU-2302..... **\$3.35**

Roto-Hone Attachment

Hones blades, bits, chisels, lathe tools, knives, etc. Oil stone is reversible with coarse grit for "roughing" and fine grit for final finish. Use with 1/4" Drill or 5" Sander-Polisher mounted in a Horizontal Stand. Includes 4 oz. Roto-Oil.

Cat. No. HU-1006.... **\$10.95**

DISC SANDING TABLE

Complete with mitre gauge for accurate finishing at any angle. Sanding discs are quickly changed by means of stick cement applied to the rotating sanding plate. Sanding is rapid and accurate and work is conveniently supported on platform. Use with 1/4" Drill or 5" Sander-Polisher mounted in Horizontal Stand.

Cat. No. HU-1005..... **\$7.75**

1/2" JACOBS BENCH GRINDER CHUCK

No. HU-1504 For right hand end of Grinder.....\$6.45

NEW

6-inch Heavy-Duty DELUXE LECTRO-Saw

For ABUNDANT POWER, SPEEDY SAWING and EASY HANDLING this is the NEW, BEST "BUY" in popular 6-inch power saws. Its universal motor is built by Black & Decker specifically for heavy-duty power sawing and practically every building material known can be cut by using the proper LECTRO-Blade or Abrasive Disc. Both the cutting depth (0" to 2") and bevel cutting angle (45° to 90°) can be adjusted at any point by means of large wing nuts. Complete safety features include telescoping blade guard and 2-pole trigger switch with instant-release, cut-off action. Ball bearings are used throughout the saw with many other durable construction features for extra-long life and top performance.

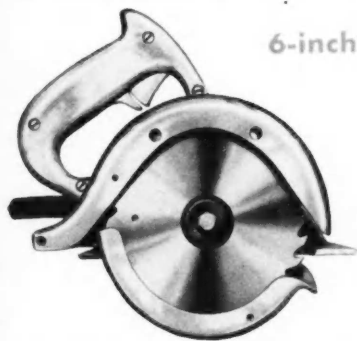

PRODUCTS OF HOME-UTILITY DIV.—BLACK & DECKER MFG. CO.

Professional Saws at Popular Prices for Carpenters, Builders, Contractors and Farmers. Quality Built for Long Life and Heavy-Duty work.

Blades: 6½" Combination Blade furnished with Saw.	

NEW Saw Protractor

\$4.50

Cat. No. HU-1812

A revolutionary, new device enabling rapid, extremely accurate cuts with power saws. Can be set to cut any angle by moving the holding arm to the correct degree calibrated on the Protractor. In operation, the saw shoe (either side) is lined up with the Protractor's straight-edge and is advanced along this edge for quick, accurate cuts. Also useful for laying out carpentry work involving angles. Can be used with practically all power saws.

Carbide Tipped LECTRO-Blade

FASTER, SMOOTHER — and **LONGER** sawing without blade sharpening. Cuts wood, Transite, Cemesto Board, asbestos, asbestos cement, Formica, Masonite, Cork Board and abrasive composition siding and roofing materials . . . cuts Transite eight times faster than abrasive disc, cuts Cemesto Board 12 times faster than abrasive disc! Stays sharp 30 times longer than normal steel blade when cutting lumber!

No. HU-1605 6" Diameter\$24.75
No. HU-1806 8" Diameter\$29.75

The latest types of COMBINATION, CROSSCUT, PLANER and NAIL-CUTTING BLADES, and ABRASIVE DISCS, for 6-inch and 8-inch LECTRO-Saws are also available.

The HEAVY-DUTY 8" LECTRO-SAW offers perfectly balanced, close-coupled design, complete safety, and a superlative motor developed by Black & Decker especially for power sawing. Fast-operating adjustments control the cutting depth and bevel cutting angle. Telescoping guard covers blade except when cutting—opens as blade enters cut and springs closed as saw emerges. Trigger switch is 2-pole with "instant release" action for safety. Full-size ball bearings are used throughout the tool. Built to be the best in efficiency, durability and stamina, this LECTRO-SAW is the outstanding leader in the popular-priced, portable saw market.
